

FOLK CLUB DIRECTORY

This Directory is provided for the benefit of those who may, at some time or another, be visiting centres other than their own home towns. It provides as complete as we have been able to make it a list of all folk clubs, together with their postal addresses, meeting places, days and times of meetings, and phone numbers of office holders or contacts. It may also provide a means by which organisers of folk music activities may get in touch with the largest possible number of potentially interested people.

The Directory is set out in alphabetical order of club names and is based on details provided, where possible, by the clubs themselves. Unfortunately, our request for club information did not attract as many replies as we had hoped, and we can only assume that most of those clubs not detailed have gone into recess or out of existence.
